Advanced Healthcare Center Controlled Substance Agreement

Controlled substance medications (i.e. narcotics, tranquilizers, and barbiturates) are very useful, but have a high potential for misuse and are, therefore, closely controlled by local, state, and federal governments. They are intended to relieve pain, thus improving function, and/or ability to work. Because my physician is prescribing controlled substance medications to help manage my pain, I agree to the following:

1.) I am responsible for the controlled substance medications prescribed to me. If my prescriptions is misplaced, stolen, or if "I run out early", I understand that this medication will not be replaced regardless of the circumstances.

2.) Refills of controlled substance medications

a) Will be made only during regular office hours Monday through Friday, in person, once a month, and during a scheduled office visit. Refills will not be made at night, weekends, or during holidays.

b) Will not be made as an "emergency", such as a Thursday afternoon because I suddenly realized that I will run out tomorrow and the office will be closed. I will call at least (72) hours in advanced if I need assistance with a controlled medication prescription.

- 3) I understand the importance of following my treatment plan as directed by my physician/provider and agree:
- a) To keep my appointment (including follow-up and any referrals
- b) To permit urine drug screening once a month and pill counts at every appointment, thereby, documenting the proper use of any medications.
- 4) I understand that the main treatment goal is to reduce pain, and improve my ability to function and/or work. In consideration of this goal, and the fact that I am being given potent medication to reach my goal, I agree to help myself by following better health habits, exercise, weight control, and avoidance of the use of tobacco and alcohol. I must also comply with the treatment plan as prescribed by my physician.
- 5) Fails to comply with medical evaluation and recommended treatment options of pain complaints ordered by AHSI providers such as: Diagnostic tests requested (e.g., Radiology tests, NCV/EMG, EKG) physical therapy, Durable Medical Equipment, Compound topical creams, chiropractic care, pain management, etc.) Your prescriptions for controlled medications may be terminated immediately.

 6) I understand that all the controlled substances must be obtained at the same pharmacy, when possible.

Pharmacy Name: ______Phone Number:

7) I understand that if I violate any of the conditions listed below, my prescriptions for controlled medications may be terminated immediately and may be subject to dismissal from this facility. If the violation involves obtaining these medications from another individual, or the concomitant use of non-prescription illicit (illegal) drugs, or sharing/permitting others (including your spouse or family members, who have access to any controlled substance that you have been prescribed). I may also be reported to other physicians, pharmacies, medical facilities, and the appropriate authorities.

NOTE: We are capable of monitoring your medications through The Georgia Prescription Drug Monitoring Program. If we suspect, or feel you have compromised your controlled substance contract with Advanced Healthcare & Spine Institute, we are obligated to use the website for confirmation.

DRUG SCREENS: Urine specimen is collected in the clinic. Patients should not wear coats and other outer clothing or take purses, bags, backpacks into the bathroom. The nurse or provider should confirm promptly that the specimen is appropriately warm and should send it directly to the lab, not give it to the patient to deliver. Drug screens with abnormal results such as:

- Prescriptions patient reports taking daily are not detected on screen.
- Patient tests positive for controlled substances not prescribed by clinic.
- Patient tests positive for illicit substances, particularly cocaine patients should be referred for drug treatment.
- Patient's drug screen shows negative for drugs prescribe.

After retrieving lab confirmation, it will be determined if the patient should be terminated immediately or may be subject to dismissal from this facility.

Due to the recent law signed by Governor Nathan Deal, concerning controlled substances, we at Advanced Healthcare & Spine Institute, will be instituting the following policies effective immediately. All schedule 2, 3, and 4 medications* will be written for only one month at a time. Every month, I will be seen in the office and will review my pain management contract with *This includes the following:
